Fields: sky, wind, temp, short note.

Wildest sky moment (one sentence):

Observations Mon-Wed -- Page 2 of 4

*Texture hunt * sound map * insect etiquette*

MON -- Find three textures gentler than they look; crayon rub on bark; label ridges; adjective bank.

TUE -- Sit still for 60 seconds; X where you stand; arcs toward five sounds; list them.

WED -- Sun vs shade resting spots; estimate an insect body length; what did quiet waiting change?

Thu-Sun * Sound walk * Map -- Page 3 of 4

*Shadow lengths * three greens * ears * your block*

THU -- Stick height + ground surface; shadow direction + length at 9 / 12 / 3.

FRI -- Three greens; note leaf edge smooth / toothed / lobed.

SOUND WALK -- Five silent minutes; three surprise sounds.

MAP -- Rough block sketch + one invented landmark + why it belongs.

Drawing * Lab * Close -- Page 4 of 4

*Contour * specimen * Fibonacci * question * experiment * rose/thorn/bud*

NATURE -- Leaf contour; midrib + one side vein; approximate real length.

SPECIMEN -- Edge words + smell vocabulary (no good/bad).

NUMBER HUNT -- Fibonacci in petals, cones, or rails; record counts.

QUESTION -- Draft one brave question for next week's circle.

EXPERIMENT -- If / then / because (what would falsify your guess?).

REFLECTION -- Rose * Thorn * Bud (one sentence each).

BADGES -- Five observation beats * taught a field word * map someone could follow.
